

# PERRY MAXWELL IS RE-ELECTED HEAD OF CHAMBER COMMERCE

Perry D. Maxwell who served last year as president of the Ardmore Chamber of Commerce has been unanimously chosen to serve a second year.

The Chamber of Commerce has done remarkable work during the past year and the directors feel that much of the credit for the year belongs to Mr. Maxwell.

Judge R. A. Hefner, who was recently elected as director of the Chamber met with the directors today for the first time. In speaking of the work Judge Hefner said much of the community spirit that has been built up in this city came directly through the influence of the Chamber of Commerce and that it was impossible to measure such results in dollars and cents.

A committee composed of Olin H. Wolverton, Frank S. Gates and R. A. Hefner was appointed to meet with the manager of Hotel Ardmore to see what arrangements can be made to make that hostelry the headquarters of the club.
