Dear Perry,

I wrote you better than a month ago at your Tulsa address, - but what happened that you didn't receive my letter I have no way of knowing, - so since Oscar tells me you have written him anxiously, I'll be write as soon as I can my old letter.

I presented your bill for \$5000⁰⁰ at our December meeting, and the first thing that was brought up was that under our agreement, \$3500⁰⁰ was all that you had coming, - the final \$10,000 not being due until the course was turned over to us.
