

HILLCREST TO BE OPEN SOON

House Warming Planned Just Previous to Thanksgiving

A house warming of the new Hillcrest country club will be given just before Thanksgiving and the general public will be invited to visit the club and see what is said to be one of the handsomest clubs and club houses in the country.

Paul McIntyre, chairman of the entertainment committee, will stage a Thanksgiving dance, the first affair to be given in the new club houses for the members.

The greens are in charge of O. K. Wing, chairman of the greens committee, J. H. Collins and James Anderson. This committee will decide upon the opening of the greens for play and have entire charge of the greens.

At the directors meeting Sunday, at which the program for the early fall was mapped out and committees appointed Stewart Dewar was named as chairman of the house committee and Fred Haskell and E. F. Walsh, Jr., were named to assist him. This committee will be in charge of the house and control its use as well as its completion and upkeep.

Paul McIntyre, chairman of the entertainment committee, who will have charge of the social end entertainment activities will name four assistants.

Weather conditions have been favorable to the development of the golf course and the local golfers are enthusiastic about the prospects for a wonderful course with plenty of sporting hazards.

Visitors to the club house in its present unfinished state are exclaiming over the view from the big west veranda and the dining room and say it is a wonderfully attractive and practical club house.
