

### **Golf Course an Asset**

Wilson has just completed a nine hole golf course and within the next year will have a commodious clubhouse. The course was laid out by Perry Maxwell of Ardmore, and every day the field is thronged by those who delight in the ancient game. A well kept and inviting tourist park is maintained by the city where the traveler will find every convenience necessary to his enjoyment. A municipal band furnishes weekly concerts for the people and is utilized as a feature at all community meetings.
