

INVITE PUBLIC TO VIEW SITE

Finest Golf Course In State Being Built At Lake- view Club

The public is invited to spend this afternoon going over the grounds of the Lakeview Country club on the Lone Oak road. Palmer Utterback and Emil Choate, officers of the club, will be on the grounds all afternoon and will take visitors around and explain to them the plans for beautifying and improving the site.

Rapid progress is being made in the building of the golf course, which promises to be the finest in Kentucky. A large force of workmen under Dean Wood, superintendent for Perry D. Maxwell, architect of the course, is now engaged in roughing in the greens and clearing away such timber as interferes with the building of the course. The first nine holes have already been finished and the workmen are starting on the second nine.

Other workmen are busy constructing roads about the grounds.
