

**PAR ON NEOSHO GOLF
COURSE SET AT 35**

P. D. Maxwell Visited Course Yesterday And Is Very Pleased With Work Done.

P. D. Maxwell of Ardmore, Oklahoma, who is directing the work of building the Neosho Golf Course, spent yesterday in Neosho and put in most of the day going over the course and shaping it up for the first year's play.

Mr. Maxwell expressed himself as being very pleased with the work that has been done so far and gave directions for other work to be done during the next few weeks. Some of the fairways will be widened, a few trees cut that will not mar the natural beauty of the landscape, some of the trees relocated. He also said that the Neosho players can get some real work now as the course is in excellent shape. He has built many courses but said that he had never seen one that had all of the natural hazards and scenic beauty of the Neosho course.

While Mr. Maxwell was here yesterday he went over the course and set par for playing as the tees will be located at present. It will be seen by the following table that there will be some real golf champions when Neosho players get to making this course in par.

| | |
|---------------------------|-------------------------|
| Hole No. 1—320 yards..... | Par 4. |
| Hole No. 2—510 yards..... | Par 5. |
| Hole No. 3—370 yards..... | Par 4. |
| Hole No. 4—390 yards..... | Par 4. |
| Hole No. 5—140 yards..... | Par 3. |
| Hole No. 6—310 yards..... | Par 4. |
| Hole No. 7—320 yards..... | Par 4. |
| Hole No 8—170 yadrs..... | Par 3. |
| Hole No. 9—330 yards..... | Par 4. |
| Total..... | 2860 yds. Total35. |

A McCormick mower is working every day to keep down the grass on the course and with a few days of sunshine there will be a large number of players out. Dealers report that they are making sales of golf clubs and bags almost every day and it will be seen that "Golf Bugs" will soon be a familiar sight on the streets of Neosho.
