

FUNDS NEEDED TO FINISH HOME OF SALVATION ARMY IN HURRY

Placing of all water connections and other work of this kind is being completed at the Salvation Army Hall and plastering and the follow up work will begin within a short time. Captain Maggie Nobbs states, with regard to the construction work on the new building at the corner of A and First avenue, southwest.

Work on the new building is progressing as rapidly as possible. Money for its construction is being raised by Perry Maxwell and J. E. Hamilton and in commenting on this Captain Nobbs said: "I know the good people of Ardmore will respond to these gentlemen when they call to them. I believe the people are realizing more and more the great need for just such a building, where I can take care of the girls who need protection. As Ardmore grows this need grows in proportion, and the sooner this building is completed the 'better off' we will all be. Let nothing interfere with this great work."

The captain stated that she was as busy as ever taking care of the physi-

cal needs of the poor and suffering. "Every day we give out clothing and food. I sit up at night with the sick and we are watching after their needs, but the most important is the saving of the souls of the young girls and I want the new home completed as soon as possible, so I can handle the situation better."

MISTAKEN IDENTITY WHEN WOMAN SHOOTS FARMER

TULSA, Okla.—In a statement issued Thursday Mrs. Goldie White declares it was entirely a case of mistaken identity on her part when she shot W. R. Walner, in the arm, Tuesday afternoon at the corner of Main and Third streets. She had been driven to the verge of a nervous breakdown, she said, by several men who harrassed her, and mistook Walner for one of the men who, she said, has been pursuing her from city to city.
