

Rochelle Citizens

Buy 84-Acre Tract

For New Golf Course

Rochelle, Sept. 6.—That Rochelle will have a golf course in the near future looms as a possibility in the purchase by a group of citizens, with Phil W. May as agent, of the 84-acre tract and the Southworth home.

The tract, including the beautiful wooded land just south of Kyte creek and adjacent to Spring Lake, was purchased for \$145 an acre or \$12,180. The Southworth home which faces South Main street and lies East of the grove, was sold for \$5,000.

The plan is to lay out a nine-hole golf course in another season, utilizing the Southworth home for a clubhouse.
