

ARCHITECT TO START ON GOLF COURSE NEXT WEEK

From Friday's Daily Journal

Perry Maxwell of Oklahoma City has been chosen by the County Club officials as the architect for the Perry golf course.

Mr. Maxwell has the reputation of being the best golf course architect in the southwest, having completed the Twin Hills course at Oklahoma City, Kennedy Commercial Course of Tulsa and the Dornick Hills Course at Ardmore which is considered one of the best in the state. He is now reconstructing the course of the Enid Country Club.

Mr. Maxwell stated that the site chosen by the Perry Country Club officials has the natural grounds for one of the finest courses there is. He expects to return to Perry Saturday and the construction will begin the first of next week.
