

COUNTRY CLUB IMPROVEMENTS BEING PLANNED

**PERRY MAXWELL WILL RAISE
SIX THOUSAND DOLLARS FOR
IMPROVEMENT OF GOLF LINKS
THIS SPRING.**

P. D. Maxwell, president of the Dornick Hills Country club, left here yesterday afternoon for Dallas and Fort Worth, where he will visit the country clubs in those cities. Mr. Maxwell is planning to make some big improvements in the country club this spring, and he wants to observe other clubs, in order that he might use good judgment in making Dornick Hills a pleasanter place for its members.

The local club has collected from its members \$1750. It has spent up to date about \$17,000. The club has had an offer of \$125,000 for its property, which represents a profit of \$108,000. Mr. Maxwell's plan is to issue bonds to the amount of about \$4,000. This money is to be used to make the golf course better, to build a secretary's house, and to put in an outdoor swimming pool and probably other improvements.

Mr. Maxwell is devoted to the club and it is fortunate for the members that he is taking such an active interest in its affairs.
