

When International Rotary meets in June of next year in the city of Edinburgh, Scotland, the Ardmore club will be represented. That decision was made at the club meeting today. Just by whom is not known yet but President Dolman has been authorized to advise the international organization that this city will have a delegate there. That delegate may be Lorenzo Love who is an associate member, it may be either of the following gentlemen all of whom plan to make an European trip next summer: L. H. Love, R. A. Heiner and Perry D. Maxwell.
