More Strength to Board

The elevation of Mr. Gorman to the president, the elevation of Mr. Pyle to a vice presidency and the addition of Mr. Galt and Mr. Sykes to the board of directors will have the effect of lending more strength to a bank that is already one of the strongest in southern Oklahoma, it is declared.

Mr. Dings, whose connections make him a potent factor in financial matters in the East as well as in Oklahoma, will be of great benefit to the bank in his new position of chairman of the board, it is further declared.

Friends of Mr. Gorman, Wednesday, were congratulating him upon his new position. His long years of residence here and his record as a citizen and a banker are declared to be rewarded in the honor.
