The Fairways

BY REYNOLDS SMITH

Paul Roberts, formerly of Little Rock, Ark., has been named assistant pro to Robert (Bunny) Plummer at Walnut Hill. He will roll up his sleeves Monday morning.

Roberts succeeds Jimmy Lewis who has been made head professional and club manager at Greenville.

Smooth bent greens, long a desired asset to golf courses of this section, will be installed at the Brook Hollow and Lakewood Country Club courses within two years. Greens chairmen and professionals at the courses have viewed with satisfaction the way these

greens have grown at Marvin Leonard's Colonial Golf Club course in Fort Worth and at Oklahoma City. Pro Francis Scheider has put them over at the country club.

With such a definite improvement in putting surfaces, golf over these local courses will reach a new high, and our amateurs who have been knocking at the door of the national title for years will be able to familiarize themselves with the new carpets and not have to learn in two days of practice what Eastern and Northern swingers have known all along.
